## Installing or updating the driver (XP)

Follow these steps to install the latest Cleverscope USB driver.

1. Unzip the update into your Program Files/Cleverscope Directory. This will place a directory labelled 'Cleverscope USB driver' into the Cleverscope directory.
2. Choose Settings/Control Panel/System and choose the Hardware tab.

Click on 'Device Manager'

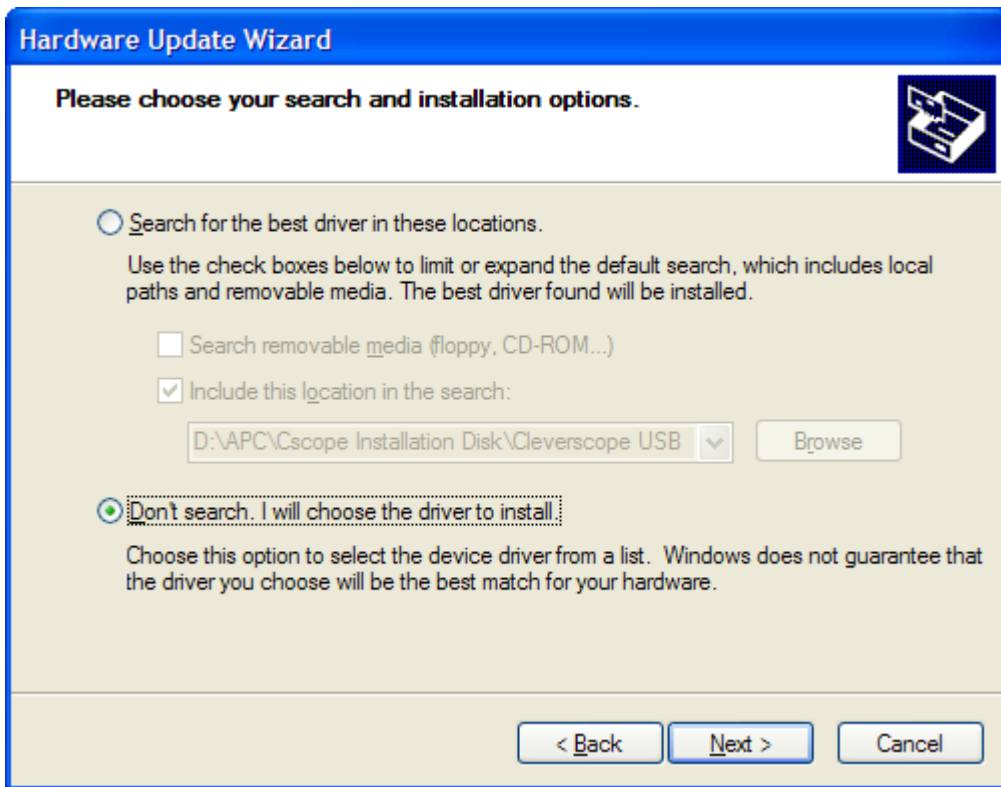

- Open the Universal Serial Bus controllers entry, and right click on 'Cleverscope CS328A MSO'. Choose 'No, not at this time', and click next'.

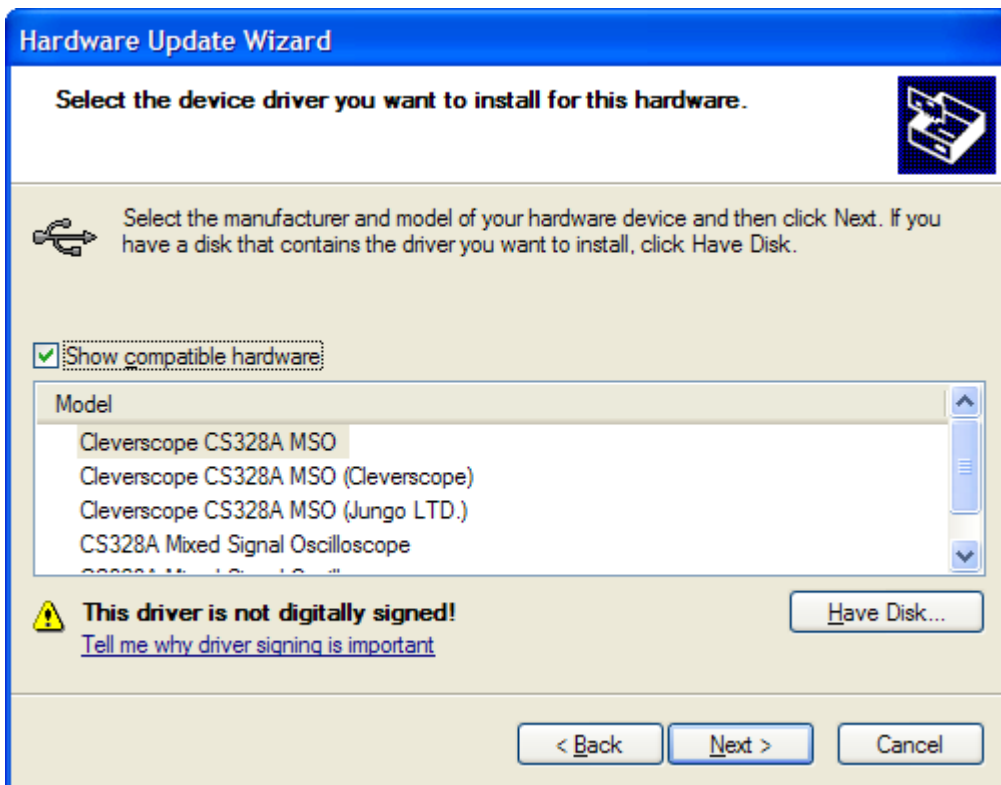

- Click on 'Install from a specific location (Advanced)' and click Next

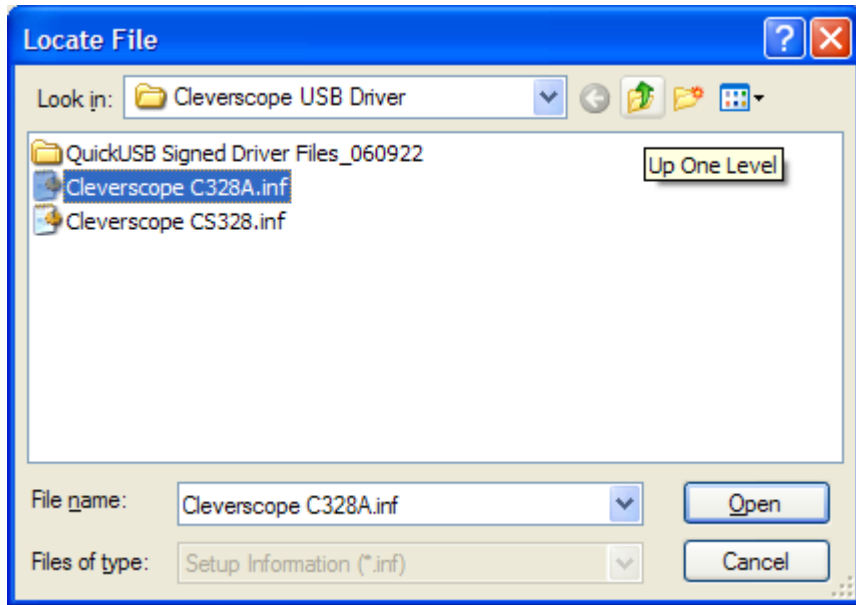

5. Click on 'Don't search. I will choose the driver to install', and click Next.

6. Choose any Cleverscope model. Click on 'Have Disk', and click Next.

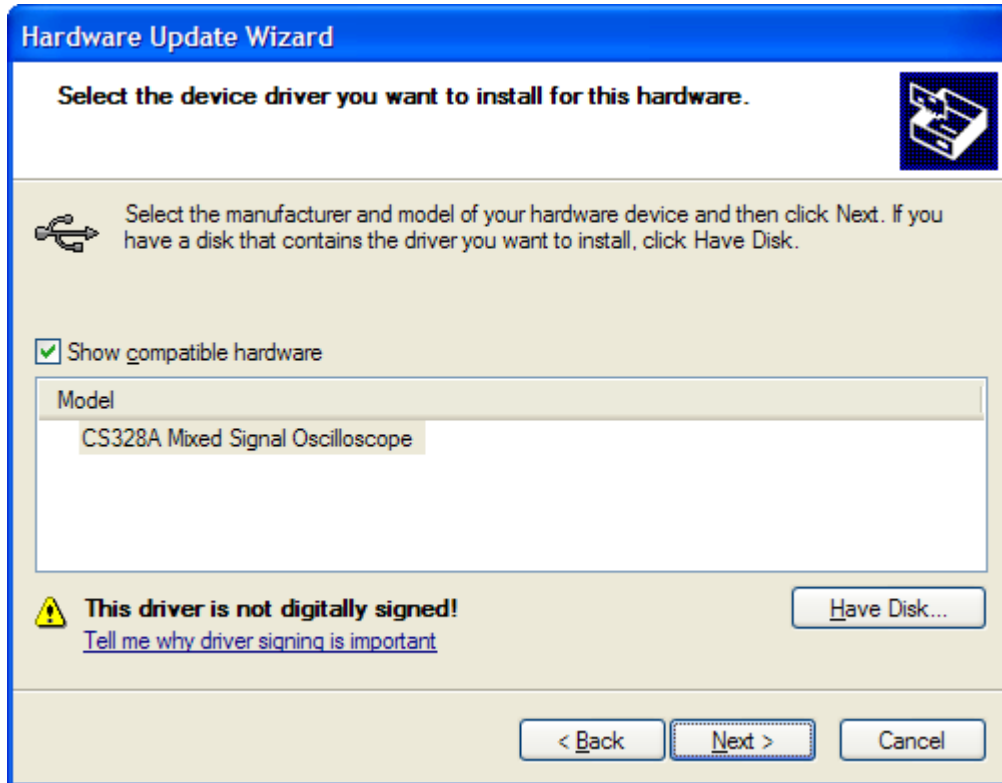

7. Navigate to the Program Files/Cleverscope/Cleverscope USB directory, and choose 'Cleverscope CS328A.inf'. Click 'Open'.

8. Click 'OK'.

9. Click 'Next'.

10. Click Next. Click Continue anyway.

11. Click Finish. The driver should be installed.
